Original Sprout Review and Giveaway

I am very selective about the bath products I use on my little girl Penelope. She has very sensitive skin and tends to break out in rashes if I use products that are not hypoallergenic or contain added fragrances. I also am very weary about certain ingredients that many beauty products contain and the safety of these ingredients. I try to stay clear of anything that sounds like it shouldn't be there and tend to buy more natural and organic products. That's why I was very excited when I heard about **Original Sprout's** products. [Original Sprout](#) is a line of natural, high-performance hair and skin care products that can be used by both children and adults alike. Created by a master stylist and mother these products not only contain safe ingredients but offer salon performance quality. In fact **Original Sprout** products are very popular with many of Hollywoods "who's who".

Original Sprout agreed to send me three of their many products to review including thier **Scrumptious Baby Cream**, **Natural Shampoo**, and **Miracle Detangler**.

found my new favorite cream!

The **Scrumptious Baby Cream** smells absolutely scrumptious! It smells fresh and clean and gives my little girl that newborn baby smell. I love it! It also goes on smoothly with no greasy feeling and leaves her skin super soft to the touch. I even used it on myself and had to have my husband smell and feel how wonderful this cream is. Penelope loves the smell and feel of her skin after using this cream she sniffs and says "mmmm" and guess what. This stuff deos not irritate her sensitive skin one bit. I have

The **Natural Shampoo** is another great product. It is sulfate free which is hard to find in a lot of shampoos and is perfect for all hair types and for babies and adults. I love the lather of this shampoo it feels luxurious and you only need a small drop of it. It

has a light clean fragrance and does its job of cleaning your hair very well.

Miracle Detangler- This is the product I was especially excited to receive. In fact I was told that it is one of **Original Sprouts #1** products and continuously sells out in salons. I had been wanting to find a good detangling spray for Penelope. She loves taking a bath but she hates me trying to comb the wet tangles out of her hair. Not anymore! This stuff works great and she no longer winces in pain while I comb her hair.

This product is also great for the frizzies and static. Seriously, it must be living in the cold dry air of Alaska that causes her to have the worse case of static hair. Now whenever I see her looking like she just stuck her finger in a light socket I just spritz a little of this spray, comb through and her flyaways are all gone. This stuff leaves her hair silky smooth. This is definitely a product I will continue to purchase.
