2010 *MSH* Product Awards

I have had the opportunity to try quite a few various products this past year. Big thanks to companies for sponsoring reviews & giveaways around the internet. I want to share some of my very favorite products I have come across. And believe me, this is coming for a very picky tester!

Best Baby Care - [Original Sprout](#)

"The best [baby shampoo/wash](#) I've tried so far. Original Sprout is as chemical-free as possible. It smells great and works well."
