Original Sprout Natural Shampoo - 33 oz. $42.99 Available @ Original Sprout

Our new & improved Natural Shampoo has added sun protection! Organic emollients detangle & make rinsing effortless, saving time & water. Scalp, hair & skin are nourished without phototoxic & estrogenic essential oils. Leaves hair shiny, hydrated & easy to comb. Moms & stylists agree it's the best color retention shampoo ever!

Makeup Addict says who woulda thunk a 'baby' shampoo would be best for color retention???? Not me -- that's for sure. So I had to give **Original Sprout Natural Shampoo** a real workout. Well, I have been using it for a while now and they are right -- it has held my color very well. . . actually better than other shampoos made to do the job. It surprised me as I had thought the shampoo had to be strong to retain the color -- but this is gentle and yet, it does the job! It leaves my hair very soft to the touch, yet strong enough to hold a style. It does not strip my hair of moisture -- it keeps it nice and hydrated with no oil residuals or no dryness. My split ends appear to be much more healthy and the whole head of hair definitely has more shine to it -- giving it a very healthy appearance. **Original Sprout Natural Shampoo** is a very gentle and effective shampoo. My hair has really responded to it and I am very, very happy with the healthy hair I am left with. Look at the size of the bottle you get for the price and you need very little to do the job -- it will last for a very long time.
