Original Sprout Review

I was sent three amazing products from Original Sprout . I have to say these are three of the best products, I have used in a LONG time. My hair has never felt so baby soft. My skin is baby soft too. I just cant get over how great these products are. I am going to definitely be a repeat customer!

First off I received Original Sprout Scrumptious Baby Cream. This is for babies and up. I am 38 years old, and I have the softest baby skin ever. I have this really dry rough spot on my elbow, that I couldnt get moisturized, no matter what I did. The very first time I tried this, there was a significant difference in the way my elbow felt. It was actually soft. I used it the next few days, and the rough spot is now gone.

I love that it has no parabens, and it isnt greasy at all. It has this beautiful light scent. It is so fresh and clean.

You can buy the 4 oz bottle for \$11.95. It is worth every penny.

Next up is Original Sprout Natural Shampoo. I love that I dont even have to use conditioner with this shampoo. It doesnt foam alot, but it certainly gets my hair clean. I am used to lots of bubbles, but I will sacrifice the bubbles, if it cleans my hair this way! I have very oily hair. This seems to take out all the excess oil without stripping my hair. It makes it lightweight, and manageable. It even brought the curl back to my slightly natural curly hair. My hair is really long, and baby fine. Its hard to find a shampoo that will do this.

You can buy the 4 oz bottle for \$8.75. There are also larger sizes.

Lastly, this is my favorite product! Original Sprout Miracle Detangler . This stuff is REALLY a miracle. When I use this, I can actually comb my hair, and not have it a tangled mess. I used this, and I was really impressed! My hair is so soft to the touch, it is like baby hair now. It was so easy to guide my comb through my hair, the tangles slid right out. I have had problems with tangles since I was a child. I have my moms baby fine hair, and my dads curliness. Those two together spell disaster, after washing my hair. Not anymore. I can use this and be worry free! This will be a permanent item in my hair care needs. :)

You can buy a 12 oz bottle for \$24.95
