Original Sprout Review & 50 Dollars Gift Card Giveaway

Original Sprout™ Worry-Free Luxury™

It is very important to me to use safe products on my kids and that's why I really like [Original Sprout](#). The company offers products that are:

- Soy Free
- Gluten Free
- Cruelty Free
- 100% Vegan
- Biodegradable
- E.U. Approved Ingredients
- Formaldehyde & Keratin Free

We received 3 products from the company to review: natural shampoo, scrumptious baby cream and hair detangler. I have been using the shampoo and baby cream on baby G. These products have a very light scent and work really well with baby G's skin and hair. Because of the ingredients used to create these products, I don't have to worry about using them on his baby soft skin. Since baby G does not have much hair, I have been using the hair detangler on DD and myself. Like the other products we received to review, the hair detangler also has a very light pleasant scent. It works so well on my hair and DD's hair that I am going to buy more of it once we used up our review bottle. The hair detangler has made it really easy to comb through our messy hair in the mornings.

Are you interesting in trying these products too? You can purchase the products we received to review from the [Original Sprout](#) website.

Many thanks to Original Sprout. Many thanks to Original Sprout. The company has generously offered a \$50 gift card as a giveaway prize to one of my lucky readers (US residents only please).
