Original Sprout™  
Worry-Free Luxury™

Original Sprout is a line of natural, high-performance hair and skin care products. They are a family-run company located in San Luis Obispo, CA. Their products are out-selling other brands in boutiques, salons, and health food stores and I know you will love them! Once sampled people are completely hooked.

That's why they have a cult following of the who's who in green Hollywood, thousands of salons, and women who want high-quality, safe products for themselves and their family. Because their products were created by a master stylist and mother, they bridge the gap between safe ingredients and salon performance like no other.

Their regulated, European Directive Compliant products are:

- Are made by a master stylist and mother, so they are safe and natural, but perform as good or better than high-end salon brands.
- Free of phthalates, phytoestrogens, soy, gluten, animal products, parabens, and propylene glycol with no added dioxanes or formaldehydes.
- Free of skin penetrators & photosensitizers (plasticizers & nanoparticles).
- Extracts are certified organic. The majority of ingredients are plantderived & from natural sources.
- E.U. Directive Compliant with full label disclosure of ingredients.
- Fragrances are made with naturally derived ingredients & are certified FREE of phthalates, lavender, tea tree, PG, DPG, parabens, dioxanes,benzenes, formaldehydes, acetaldehydes, styrene, toluene, chlorobenzene &glycol ethers.
- Products are vegetarian/vegan & biodegradable.

### **My Opinion**

The **Original Sprout** Scrumptious Baby Cream has become my new go-to cream for my son's dry skin this winter! His little cheeks are getting so chapped from the dry weather and I have been applying Original Sprout to his cheeks and body every night and a lot during the day to fight his dry skin!

It goes on so soft and smooth and makes his skin so silky soft! It doesn't have a very strong fragrance (which I love!) and it is so safe for his skin! I absolutely love it!

I recommend the **Original Sprout** Worry-Free Luxury Collection for all people who really want safe products for their skin but effective products too! They work great and are definitely "worry-free" because they are so safe for your skin to absorb!
