Original Sprout Review and Giveaway

Original Sprout®

Worry-Free Luxury™

It is scary today how much bad "stuff" is in the everyday things we put on and in our children. Mr. C has chronic eczema and I'm sure newbie is going to have some sensitive skin issues as he gets older since they have the same skin type. [Original Sprout](#) makes products for babies and up that you can feel good about putting on your kids.

So, what is this whole Worry-Free Luxury thing about? Here is a little about that from Original Sprout's website:

Worry Free Luxury means no natural or synthetic ingredients associated with estrogen enhancement, hormone disruption, cancer & autism such as: Lavender or Tea Tree Oils, Citrus Oils, Clove, Soy, Phthalates, Dioxanes from Sulfates, Parabens, Formaldehyde, Propylene Glycol, Dipropylene Glycol, Acetaldehydes, Styrene, Toluene, Glycol Ethers, Ethylene Oxide, Musks, Nonylphenol, Mineral or Petroleum Oils, Triclosan, Eurethane, 1-2 Propylene Oxide, Placenta or Synthetic Colors

I love that Original Sprout employs full disclosure about the ingredients they use. They are also eco-friendly to the nth degree and are a cruelty free company. Fantastic!

So all of that is fine and good, but I am sure you want to know how the products work. Original Sprout sent me 3 products to try out, their Miracle Detangler, Scrumptious Baby Cream, and Hair and Body Baby Wash.
