Original Sprout Review and Giveaway

Original Sprout[®]

Worry-Free Luxury™

A couple of weeks ago I was approached about doing a review for a company called [Original Sprout](#). As an eco-conscious mother and a blogger I was surprised that I had never heard about Original Sprout before. I was more than happy to review their products especially because they are ALL NATURAL!!

When I went to their website I was blown away by their full disclosure of ingredients. It is really rare to find a company that discloses all of their ingredients. **Worry Free Luxury** means no natural or synthetic ingredients associated with estrogen enhancement, hormone disruption, cancer & autism such as: Lavender or Tea Tree Oils, Citrus Oils, Clove, Soy, Phthalates, Dioxanes from Sulfates, Parabens, Formaldehyde, Propylene Glycol, Dipropylene Glycol, Acetaldehydes, Styrene, Toluene, Glycol Ethers, Ethylene Oxide, Musks, Nonylphenol, Mineral or Petroleum Oils, Triclosan, Eurethane, 1-2 Propylene Oxide, Placenta or Synthetic Colors.

This, to me, is a winning company. I was eager to try their products for myself. They sent me a wonderful assortment of products to use and I must say I am impressed. The first product that was easy for me to fall in love with was their

Miracle Detangler.

I have very fine, thin hair and it knots easily. I have a hard time keeping it nice and smooth. This Miracle Detangler really is a miracle. I didn't need very much and it sprayed on easily and I was able to comb through my hair effortlessly. This product is also 100% vegan for those of you out there that are hard-core animal lovers!

Original Sprout's [Hair and Body Baby Wash](#) is also amazing. I have said it before and I will say it again, I LOVE a baby product that will double as a shampoo and body wash. If you have/had toddlers you *know* how hard it is to bathe them. They want to splash and play, not get clean! What I really appreciate about this product, other than the fact that it works, is the fact that it smells sweet and tender. It smells like a newborn baby ought to smell. I cannot wait for baby #2 to come along so I can bathe him/her in this luxuriously rich Baby Wash.

I could go on and on about all the products that they sent me but I don't have all day. The [Scrumptious lotion](#) is a must buy not only because it is on sale but also because it is easily absorbed by the skin and it contains organic rosemary which is a natural bug repellent! Try it for yourself and see why Original Sprout is so fantastic!!

Original Sprout was beyond generous to offer one lucky reader with an Original Sprout Deep Conditioning Gift Basket. The basket includes a 12-oz Natural Shampoo, 12-oz. Deep Conditioner, 12 oz. Miracle Detangler, 12-oz. Leave-In Conditioner, and and 8-oz. Scrumptious Lotion worth over \$122!!

What I would like you to do is visit [Original Sprout](#) and tell me which product you are most eager to try of theirs. Also tell me one eco-friendly fact from their website! Try to impress me, you may get brownie points for doing so!
