Original Sprout products average from \$10-20

Products I highly recommend:

**Moisturizing & Detangling Children's Natural Shampoo** (\$19.50): This sulfate-free formulate is easy on the eyes, moisturizing and contains botanicals and nourishing emollients that help keep your hair healthy and strong. It contains organic rosemary which naturally helps repel lice and insects. I sure wish I used this shampoo when I was a wee lass. I loved the outdoors and the mosquitos *loved* my "sweet" blood in the summertime. When I have little sprouts of my own, I plan on using these kinds of products. I'm really happy Original Sprout is on the market.

**Ultra-Hydrating Children's Deep Conditioner** (\$21): This conditioner perfectly complements their shampoo. It calms and soothes dry hair, prevents dandruff and helps prevent tangles. It also has a natural sun protection which can help protect your hair color.

**Children & Baby Miracle Detangler** (\$10.95): This product has saved many a hair on my delicate head. My hair is wavy and fine and thus mega susceptible to frizzies and tangles. Luckily products like these are here to save the day. I *love* this detangler! This particular detangler is light, moisturizing and frickin' kicks ass. It does an amazing job at leaving my hair soft, clean and manageable. It works immediately and allows me to comb my hair effortlessly. This is by far the best detangler I have ever used to date. I have become a fan for life.
